

B'SMART SYSTEM SOLUTIONS

PROVIDING

# TELEMATICS SERVICES

BSMART was incorporated in 2013 with the visionary guideline to introduce innovative and revolutionary mobility solutions. Our core services include providing world-class telematic end-to-end solutions that empower both individual and businesses to maximize their potential, productivity and growth.

Malaysia Automation Technology Association (MATA) was established on January 27, 2012 with the primary objective to be the voice of the Automation Technology Industry. The organization was formerly known as the FMM-Automation Technology Industry Group (FMM-ATIG) and operated under the aegis of the Federation of Malaysian Manufacturers.

**Title of Project:** Exhibition

**Location:** Bsmart System Solutions Sdn Bhd

## COLLABORATION WITH THE BEST COMPANIES

### MISSION
