

B'SMART SYSTEM SOLUTIONS
PROVIDING
TELEMATICS SERVICES

BSMART was incorporated in 1999 with the visionary guideline to introduce innovative and revolutionary mobility solutions. Our core services include providing world-class telematic end-to-end solutions that empower both individual and businesses to maximize their potential, productivity and growth.

Department of Quarantine and Inspection Services Malaysia (MAQIS) was established under the Ministry of Agriculture and Agro-Based Industry, as a department for the provision of integrated services related to quarantine, inspection and enforcement at entry points, quarantine stations and quarantine premises and certification for the import and export of plants , animal, carcass, fish, agricultural produce, soil and microorganisms and include inspection and enforcement related to food and for matters connected therewith.
